

**2016 Frequently Asked Questions [FAQ]**  
**Rudy Hunter's 2016 Thirty-One Day Month-Long**  
**Daily December EnergyWork Event :**

**Summary:**

Rudy will be sending deep, powerful & transformative EnergyWork for 15 minutes each day (some days much more!) for the Month [December] you're enrolled in the program specifically to you as a member of the group.

He will be doing thousands of corrections over the course of the month for ALL areas of your life, mind, body & affairs.  
It will be a lot of EnergyWork for you.

Only each specific person or animal that is paid and registered on his Master Sending List will receive the work.

Because the fee you've paid is for Rudy's time + talent there are no full or partial refunds.

He will work at various times each day sending to the group and doing specific corrections. So as not to engage your "nosey conscious mind" that loves to "try to figure things out" [which only slows down the EnergyWork!] those times are not revealed. You will often, due to time zone differences & his changing sending schedule, receive in your sleep state as well as your waking state. The energy will get to you and you will receive ALL the corrections for ALL the work for the entire group.  
Yum.

**A Very Special Bonus Is Included:**

Rudy has decided to produce a special EnergyWork mp3 audio tool specifically-calibrated to ONLY the members of the group.

It will be transformative & supportive and the energetics in the recording will stay active through the entire year to the following December. It is ONLY available to members of this group and will not

be available to anyone else; nor will the corrections be useful to anyone outside the group.

It is calibrated ONLY to you as a member of this group event. You will receive private access & download information in the 3rd week of the event when the recording is completed.

This is a special gift from Rudy to help support you.

**Another delicious treat is included in the month back by very popular request [demand really!]:**

We'll be doing Remote Sacred Water-Charging and you'll receive information about this via e-mail as we get close to mid-December.

**What will I receive from Rudy each day of the month?**

Energetic corrections & "Woo Woo" & prayer directly from him personally as part of the group each and every day.

**Do I have to do anything special to receive the EnergyWork?**

No. Nothing at all.

Go on about your regular life...and you will be receiving each day. Some days you will receive in your waking state and other days in your sleep state.

Rudy will be sending at various times each day.

**What will I experience? Is there a guarantee?**

You are a unique energetic being and you may feel the clouds part—or not. You may have sensations—or not. You will experience what you experience...and that's just perfect. The effect of this work is best measured in your lived life after the EnergyWork begins; you'll be able to more easily notice the changes and improvements. There cannot be a guarantee for anything in life...and not for this work either.

**How do I get Rudy to work on my specific issues?**

He will tune into the group and your specific energetic needs [which are often VERY different than you believe them to be!] and do the required EnergyWork and corrections. Simple. Over the course of the month EVERY SINGLE AREA OF YOUR LIFE will have been addressed...and many you were not even aware of needing help in!

**What kind of feedback will I get from Rudy?**

Rudy will be sending out an occasional e-mail to the group with some limited information about the process.

The e-mails will not follow any kind of regular schedule.

*He will NOT be answering personal emails  
this month about your issues—there is not enough time  
for that and it will pull his focus away from the group work.*

If you feel you need additional personal support it is strongly suggested you book a private Golden Clearing Session with him at a later date. Participate in the month-long event first, however, to clear up tons of “stucknesses” that are currently now in your bioenergetic field. That way, you’ll have less to work on later as a result of your participation in this event. Yay!

**When will he be doing the work each day & what will he be working on each day?**

The conscious mind wants to “know it all” in order “to figure it all out”. You are much better served on all levels by not being given that information—really! Rudy will be sending each day at various times and because of time zone differences you will be receiving at various times.

**Are there refunds & what is the cancellation policy?**

No. No refunds.

If you opt, for whatever reason, to not continue to receive the EnergyWork you can e-mail Rudy and let him know to remove you from the list. There are, however, no full or partial refunds for this work. It is Rudy’s time + talent that you are paying for.

**Is this a substitute for professional care?**

Never, never, never!

A competent healthcare professional, Veterinarian, psychologist or psychotherapist is an invaluable aid in our life. Rudy’s work acts as a wonderful addition to—never a substitute for—professional care & advice.

**Should I continue to take my medicine & supplements during the month I’m receiving this work?**

Great question!

Continue to do ALL the things you normally do to take care of yourself during this month...and beyond. Take the medicine your doctor prescribes and continue to nurture your body with the supplements you normally take. The EnergyWork you’ll be receiving will just help in addition to all the good things you’re already doing for yourself.

### **Can members of my family participate?**

Yes, all your LIVING animals that you submitted to Rudy are on his Master Sending List and they will receive the work daily also. For other members of your family, they will need to be personally registered themselves to receive the work.

### **Can my pet receive the work too?**

Absolutely, yes. The LIVING animals you submitted to Rudy are already on his Master Sending List. Over the years many, many, many animals have received this work with great benefit to them.

### **Will my household benefit when Rudy sends energy?**

No. If other family members would like to receive the work, they will need to register themselves. You, in your household, will be the one receiving the work and blossoming.

### **What exactly is the energy Rudy works with and what is the source of it?**

The energy that Rudy works with is the same energy that makes the grass grow and animates puppies, kittens, you & all of creation.

It is Source energy and it is from the Creator of all that is.

You may use any word you like such as God, Creator, Divinity, Nature, The Universe, etc. that you would like; the word doesn't change anything about the nature of the energy itself.

It is Intercessory Prayer done by Rudy on your behalf and it is of the highest order imaginable and available.

### **Does this contradict my religious training or belief?**

No—only if you would like it to.

This is prayer work that contradicts nothing.

If your religious training or belief tells you that prayer is "out of bounds" for you, then Rudy suggests you seek a more supportive religious practice. Prayer is a fundamental and important part of all supportive religious practices across the globe and throughout history.

### **How can I know that this will work for me?**

You can only notice, by paying attention, to the improvements that begin to appear in your lived life.

Sometimes those improvements begin to appear within hours of the very first day...and sometimes it takes a few weeks or months to notice them. Prayer works for all of us...but some of us need practice in noticing [paying attention to] the improved goodness that shows up in our lives.

If you're a "Doubting Thomas" and you know that about yourself, you also know that practice in "noticing improvements" is really important to you for everything in your life...and because of this "DT" outlook you may need to look a little harder for the improvements...but they are there!

### **What have others experienced?**

There's some wonderful feedback from folks who participated in a one day event (just 20 minutes at 2 events during one day; 40 minutes total EnergyWork time) with Rudy.

You're encouraged to go scan through the feedback and notice the AMAZING experiences most folks had. It's quite an eye-opener into what is possible with EnergyWork.

Remember...the feedback on the blog link below is from just 40 minutes of the work...imagine what's possible for you with a FULL MONTH OF DAILY supportive energetics from Rudy! Yum.
